## WORK EXPERIENCE

### Eurazeo

Singapore, SG

#### Vice President

Feb 2017 - Aug 2024

- Spearheaded the development of the firm's global deeptech investment strategy, collaborating with founders, CTOs, limited partners, institutional investors, and top-tier venture capital firms.
- Specialized in climate tech and artificial intelligence investments, leading technical due diligence and investing in 8 AI companies across autonomous vehicles and robotics (WeRide, Vay, Stanley Robotics), computer vision (Neurala), NLP (Shipfix), deep learning applied to climatetech (Breezometer, Meteoswift, UrbanChain, Swapp). Closed 20 investments from Seed to Series H overall.
- Exits: WeRide (\$4B IPO), Breezometer (\$200M acquisition by Google), Grab (\$40B IPO), Glovo (\$2.6B acquisition by Delivery Hero), Volta Charging (acquired by Shell), Meteoswift (acquired by Trailstone), Shipfix (acquired by Veson Nautical), Stanley Robotics (acquired by HL Robotics).
- Advised product roadmaps and go-to-market plans and tracked key success metrics with founders & executives as Board Member or Board Observer (Volta, Meteoswift, Breezometer, Cove).
- Established the firm's Singapore branch, engaging with the local tech ecosystem through industry events, a 800-subscriber online newsletter, and securing the firm's first investments in Southeast Asia (Grab, Pinhome, Qoala, Cove) as well as in mainland China (Immotor, WeRide, Dishangtie).
- Orchestrated the closure of \$675m across three Eurazeo Venture Capital funds engagements, from F500 & tier-one global conglomerates, such as Total, European Investment Fund, EDF, Stellantis, the French Sovereign Fund (BPI), Jardines Matheson, BNP Paribas Cardif, HEC Alumni.

### Longchamp Japan K.K

Tokyo, JP

#### E-Commerce Product Manager

Aug 2016 - Feb 2017

- Engaged with engineering teams to redesign the Japanese website, improved visibility of seasonal & promotional offers, achieving 30% increase in online Sales and 50% increase in website visits year-on-year.
